Bali - Lake Toba
North Sumatera

Lake Toba - Sumatera Tour

5 Days / 4 Nights

Lake Toba is one of the awesome natural wonders of the world. This enormous crater lake has an island almost the size of Singapore in its centre. At over 1,145 square km, and a depth of 450 meters, Lake Toba is actually more like an ocean. This is the largest lake in Southeast Asia and one of the deepest lakes in the world. Toba is a place to come and sit back, relax and absorb some beautiful pristine scenery. As you sit and take in the view of the picturesque mountains set against the cool clear lake, you will feel the worries of the world melt away. As the lake sits 900 meters above sea level there is a cooler climate here making a refreshing break from the heat, humidity and pollution of the city.
